Do you live in the [Community Name] area and are interested in the transition to EVs? Register today for our upcoming “Ready for EVs” Virtual Workshop on [Workshop Date] to participate in the conversation. Learn more at [ReadyforEVs.com](https://ReadyforEVs.com)!

[Coalition Name] is hosting a virtual “Ready for EVs” workshop for the [Community Name] area! If you are an interested community member or local professional, join this half-day workshop to learn more about how you can be involved in the transition to electric vehicles in your community. Register at [ReadyforEVs.com](https://ReadyforEVs.com)

Electric vehicles are coming to your area! Join [Coalition Name] in a half-day workshop to learn, engage in discussion about EVs in your community, and network with others interested in overcoming the barriers to EVs. Plan to leave this workshop with a list of contacts, knowledge about expected EV barriers in your community, and a plan to tackle these challenges! Register at [ReadyforEV.com](https://ReadyforEV.com)

Event Information for Websites:

Name of Event: [Community Name] Ready for EVs Workshop

Date & Time: [Add Info]

Location: Zoom (You must register for the workshop in advance to get access to the Zoom.)

Description: Join [Coalition Name] for this half-day “Ready for EVs” workshop for the [Community Name] area! Please only register for this event if you are live or work in this community. This workshop will be tailored for discussion and idea generating for this specific community. The workshop will be around 4 hours long with periodic breaks. Attendees will leave the workshop with a Participant Guide full of information and their own notes about discussions, ideas, and action items relative to the transition to electric vehicles. A list of contacts for networking purposes will be provided after the workshop.

Please take time to view the Pre-Workshop Courses BEFORE attending the workshop on [Workshop Date].

Learn more about this nation-wide workshop series and register for your local event at [ReadyforEVs.com](https://ReadyforEVs.com).
